If you are a parent borrower, for loans first disbursed on or after July 1, 2008, you may request that payment of principal be deferred (i) for the six-month period that follows any period when you are enrolled at least half-time (Post-Enrollment Deferment) and (ii) for any period when the student beneficiary is enrolled at least half-time and for the six-month period that follows (Post-Enrollment Deferment). Interest will continue to accrue while payments are postponed. You are allowed but are not required to make payments toward the principal during this period. You have the option to pay accruing interest either monthly or quarterly. Any unpaid interest at the end of the deferment will be capitalized (added to the principal balance of the loan). If you wish to take advantage of one of these deferments, please select one option by signing your name and dating below your selection.
