

TAKE CONTROL OF TUITION PAYMENTS with Actively Managed Payment Plans.

MANUAL ACCOUNT RECONCILIATION, DATA INPUT AND RECOVERING PAYMENTS FROM STUDENTS WHOSE AID FALLS SHORT ARE TIME-CONSUMING TASKS. WITH NELNET BUSINESS SOLUTIONS *QUIKPAY*® ACTIVELY MANAGED PAYMENT PLANS, YOU CAN CREATE EFFICIENCIES FOR YOUR OFFICE AND ELIMINATE THE DETAIL WORK WHILE MAINTAINING CONTROL OF THE PAYMENT PROCESS.

ACTIVELY MANAGED PAYMENT PLANS

Actively Managed Payment Plans allow you to process payments for tuition and fees, housing deposits, admissions, delinquent payments and other types of payments owed. Single sign-on and electronic authorization by the payer to debit a bank account, credit or debit card make payments simple and worry-free. All payment plans are customized to match your institution's policies and will adjust automatically throughout the year to reflect any additional fees or credits.

We take care of the details, such as following up on delinquent payments and balancing accounts. We also offer your staff dedicated support for any questions on account management or technical integration that may arise. Students on payment plans can be eliminated from the statement process, saving money and time. Your office has access to real-time reporting that notes when payment plans were created, and by who, and the amount and payment due.

PENDING AID

Pending Aid is a great way to collect payments from students whose financial aid runs short. Pending Aid is designed to act as a back-up to a student's awarded financial aid—a solution for times when aid doesn't cover the entire bill. With Pending Aid, you can eliminate "the chase" to collect balances, and your students can have the piece-of-mind of knowing their entire bill is covered.
